Do you work in the early childhood system in the Kodiak area?

You are invited to participate in a luncheon hosted by Alaska's Early Childhood Joint Task Force* and the Kodiak Area Native Association, Kodiak Island Borough School District, Sun'aq Tribe of Kodiak and RuralCAP. This event is open to individuals working in the early childhood system in the Kodiak area!

The purpose of this meeting is to gather ideas and opinions from the people who make up the important components of the early childhood system. The responses we receive will help write the new comprehensive, action-oriented, statewide strategic plan for early childhood in Alaska. This is your opportunity to provide input on this important plan!

*Partners, including the Alaska Department of Education and Early Development, the Alaska Department of Health and Social Services, Southcentral Foundation and the Association of Alaska School Boards, in partnership with over 10 early childhood organizations and parent representatives have formed the Alaska Early Childhood Joint Task Force to coordinate work on the new statewide strategic plan for early childhood care and education.

We're looking forward to seeing you!
